DEEPEN DESIGN WITH COLOR.

Color is crucial to how your siding presents itself. So we pay a lot of attention to what's trending and what works. Choosing your own colors can be fun, but a bit overwhelming. So we created a color combination tool to help. Get ideas and tips at royalbuildingproducts.com/color-style/royal-color-combinations.

We develop our wide range of colors to fully express design when they're fresh, and years down the road, engineering our siding pigments to deliver vibrant curb appeal, resist fade and fend off elements day after day.

D4V and S8 only available in White. Actual siding color may vary slightly from printed brochure.

LOSE THE MAINTENANCE, GAIN THE WEEKEND.

All of our offerings are extremely low maintenance and require no painting. Compare that to competitive technologies like wood, fiber cement and engineered wood, which all require painting at some point in their lifetimes.

- **Virtually maintenance free**
 - **Never needs painting**
 - **Won't flake, chip, rot or sag**
-
